Great choice of programmes

Our Classic High School Programmes are ideal for students to experience everyday life in a regular state school and a selected host family. Our Select Programmes allow students to choose their preferred option from an extensive selection of schools, ranging from state schools to private boarding schools, from budget friendly options to a high-end experience.

Selected accommodation

Students stay either with a carefully selected host family or in a student residence, depending on their choice of programme. Our host families and partner schools are located in popular and safe locations throughout the United Kingdom and Ireland. We are confident that our students will experience a welcoming and supportive community.

Extensive support

Throughout their stay our students have full support from their dedicated Local Support Coordinator. We ensure regular contact, immediate emergency support, progress reports, local excursions and a popular optional tour programme. In addition to the local presence we offer expert support to our students from our experienced Head Office team.
